FLOOR DEBATE

March 7, 2006 LB 1029, 1175

as a citation issued in lieu of arrest or continued custody by a peace officer if the same requirements are followed. The city of the second class or village has to be enforcing a fire, health, safety, or constructional technical code to use this authority. Section 6 of the bill incorporates the provisions of LB 1029. It was introduced by Senator Jensen here in 2006. That bill proposes to amend 31-741 to raise the estimated cost level beyond which it is necessary for an SID board of trustees to let a construction out for bids. And if Senator Jensen...later on, if there are any questions, he could probably elaborate on that if he'd like to. Section 7 contains the sole remaining section, as I mentioned before, of LB 1175. By the committee amendment, Sections 1 and 2 of the original bill, those sections amending Sections 35-1202 and 35-1204 have been removed. What...the remaining provision, that amending Section 35-1207, is actually retained. That section provides authority for the State Treasurer to require of a mutual finance organization additional information regarding their past and planned expenditures of funds distributed by the state to ensure that those funds are being used in a manner consistent with the act. Now, all of that was done, to really sum it up, because there's \$4 million being distributed out there, and we wanted the Legislature to have some audit authority, I guess, if you will. With that, I do have a couple of amendments that will be forthcoming. To explain a little bit about those, I will take the time on those two particular amendments. With that, I would just ask you as a body for the advancement of AM2193. If there's any questions, I'd be happy to answer those. Thanks.

SENATOR CUDABACK: Thank you, Senator Friend. You've heard the opening on the Urban Affairs Committee amendment, presented by Chairman Friend. Mr. Clerk, motion, please.

CLERK: Mr. President, I have an amendment to the committee amendments. I might, if I may, Mr. President,...

SENATOR CUDABACK: Yes, you may.

CLERK: ...announce Judiciary Committee will meet under the south balcony at 2:30; Judiciary, south balcony, 2:30. Senator Friend would move to amend the committee amendments, AM2517.
